## Migration to the RT 15 Contract

National Treasury Instruction No 02 of 2016/2017: Cost Containment Measures refers.

In the light of cost containment on mobile communication services, National Treasury entered into a contract with Vodacom (Transversal Term Contract RT15-2016) for the period 15 September 2016 to 31 August 2020. As a result hereof the department had to revise the current cellular phone policy, to be in line with the RT15-2016 Transversal Contract.

As part of the migration process, all officials who qualify to claim cell phone expenses are requested to submit proof of termination date of current cell phone contracts **on or before Wednesday, 12 April 2017**. Kindly submit to Ms A Weitsz, room 127 or [aweitsz@ncpg.gov.za](mailto:aweitsz@ncpg.gov.za). This will allow us to keep track of time periods in which migration will unfold and validity of claims submitted to our office.

In accordance with the revised cell phone policy, effective from 01 April 2017, *4.1.3 All cellular phone and data contracts entered into will be in the name of Office of the Premier*, meaning **no official** are allowed to upgrade with their respective service providers and submit claims as per the old dispensation of the policy.

I would like to take this opportunity to emphasize that the migration to the RT15-2016 contract allows for officials to honour their current contractual obligations with their current service providers, hence the phase-in approach. *4.1.5 If officials elect to keep their existing numbers within the confines of the RT contract, they will cede all rights associated with this number to Office of the Premier.*

The following officials are urged to see Ms Annelie Weitsz for immediate migration to the RT contract:

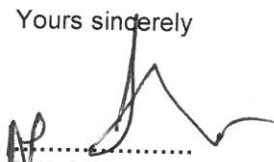

- Officials currently on month to month contracts with any cell phone network
- Officials on pay as you go arrangements
- Current Vodacom contract holders
- Should officials wish to continue with contract in their personal names and are willing to be issued with a new cell phone number, migration can happen

immediately. Please note that if you choose this option, reimbursement off cell phone expenses would be suspended immediately.

Attached, please find the device list from Vodacom from which handsets can be selected in line with the thresholds as per approved departmental cell phone policy.

Your cooperation in smooth migration is highly appreciated

Yours sincerely

MM GASELA  
CHIEF FINANCIAL OFFICER
