

Emerald Value option switch window extended to 15 March, 2018

Please note that **the window** for members to **switch to EVO** has been extended – members have until **15 March, 2018** to make the switch!

Please **inform members** of this **extension** and **encourage** them to **consider EVO**, reminding them of the **features** it offers, including:

- ❏ **Better managed healthcare** through **Care Coordination**
- ❏ **Up to R700 per month lower monthly contributions** (when switching from Emerald)
- ❏ Dependants can choose a **different GP** from the **main member**
- ❏ Dependants living **away from home** can choose a **secondary GP**

They also enjoy the following **benefits**:

Access to private healthcare

- In-hospital benefits with **no overall limit** at 100% of Scheme Rate
- Access to **private hospitals**, including ICU, High care and Neonatal care
- **Maternity benefits** covered at 100% for in-hospital and home births

Provision for day-to-day medical expenses

- ❏ **Day-to-day Block Benefit** of R4 400 per beneficiary and R8 804 per family
- ❏ Separate benefit limits for **dentistry, medicine and optometry**
- ❏ Chronic medicine for **51 listed conditions**

Also, be sure to **encourage** members to **download the GEMS app** from the usual places (Google Play and the App store). That way, they can **manage** their membership at their own **convenience**.
